

TED ALIĞA KOLEJİ

ACTIVITY NAME: FOUR SEASONS

APPLICATION DATE: 24th September 2017 – 6th June 2018

ABOUT PROJECT:

It is a project about Four Seasons and the Twelve Months. Children will work together and exchange ideas in order to learn vocabulary, sing songs, create posters, do crafts and have lots of fun!!!

AIMS

Children will

- 1) build up their vocabulary
- 2) actively use English to communicate with children from other countries
- 3) develop their writing skills
- 4) improve their computer skills

WORKING PROCESS

During this project, students from various countries will work together and get to know each other. They will enjoy learning vocabulary about Four Seasons and the Twelve Months through a number of activities. First of all, students will introduce each other, their school and their village/town(October). Then they will do various crafts (November) and they will make cards presenting to each other famous celebrations (December). They will hear music connecting with each season (January) and they will do various vocabulary activities about the fruit of each season, the clothes and the weather(February). Finally, students will also make games to play(March), a mind map(April) and they will paint a story(May). Students will have the chance to talk to each other, communicate and exchange ideas about the project.

EXPECTED RESULTS

We hope that the final product will become available to other children through twinspace and the schools' sites.
