

TED ALIAGA KOLEJİ

ACTIVITY NAME: Animal Friends in an Animal-Friendly World

APPLICATION DATE: 1st August 2019– 29th May 2020

ABOUT THE PROJECT:

In this project students will know the most common animals living in their country and they will design their animal-friendly world. They will search for information about animals' rights and living condition of animals in their own country. Then they will visit a kennel or other facilities for animals to get more information about the problems animals are facing in each country and they will interview a vet or other operator. Finally every group will design their dream animal-friendly town and we will make a collaborative video documentary to show our ideas, drawings, posters, texts.

AIMS:

Learning English, learning about animal rights. Focusing on problem solving and creative ideas.

WORKING PROCESS

We will start by exchanging information about the students who are involved in this project. Then we will decide together what is the next step in our project. Some ideas to choose from: Logo contest, Interview with a vet, video about a kennel, music video, Kahoot game about the animal rights, making a collaborative video documentary to show our ideas, drawings, posters, texts. Designing their dream animal-friendly town.

EXPECTED RESULTS

We will share our project products in a common TwinSpace.

PARTNERS OF THE PROJECT:

- Turkey
- Spain
- Lithuania
- Italy
- Poland
- France
- Greece
- Romania
- Ukraine
- Austria

A total of 10 schools participated in the project.

Age Range: 8 - 15 Years
