ACTIVITY NAME: A Virtual Tour Around Europe

APPLICATION DATE: 14th September 2020– 30th May 2021

ABOUT THE PROJECT:

Students will learn about different cultures while presenting their own culture to the students around Europe.

AIMS:

The goal is that our students introduce their own culture to others, and at the same time they will discover new ones.

Through this project, the students will travel all around Europe, despite the Covid crisis!

WORKING PROCESS

Step 1: "Introduction" = write postcards to all the schools to introduce the project. Each school will write 5 or 6 postcards in which they will introduce the school and the students (in English of course), and post it to each school.

- Step 2 : "What makes my country special?" = Create a video to advertise your country. Students will explain in this video what they like best in their culture (food, sports, music, places, etc.) ==> we exchange our videos via the Twinspace so that the students can comment on others' posts.

- Step 3 : "Imagine the ideal tour of my country" = Students will introduce the perfect touristic tour of their country by creating a slide show presentation, explaining what is special about each place. The goal is to make other students want to visit our country.

- Step 4 : "Who are our famous national figures?" = create a comic strip (<https://www.storyboardthat.com>) about famous people from our countries
