

TED ALIAĞA KOLEJİ

ACTIVITY NAME: Children of Turkey Choir

APPLICATION DATE: 04.11.2020

ABOUT THE PROJECT:

We want to create a big choir with students between the ages of 4 and 13 and to do music activities with schools located in different provinces of our country. We aim to make the students involved in this project experience the feeling of national unity and solidarity by singing songs. We want to gather students from all regions of our country with different cultural and language structures under the umbrella of music and give a concert with a large choir open to the public. If the pandemic continues, we aim to create a video with all choirs in it using Web2 tools.

AIMS: - Contributing to the social development of children with self-confidence and personal development with coho education, Gaining musical discipline,

- To be able to express oneself in the society as a social individual, - Developing the ability to listen
- To develop the sense of creativity to express music in various ways (by movement, gesture, verbal)
- Learn to be quiet, listen, pay attention to your teacher and show respect while making music,
- To get away from bad habits, To gain the principle of working order,
- To be able to act together,
- To encourage people to spend their free time with cultural activities, Strengthening their imaginations, intelligence and memory with the songs they sing
- Gathering for the same purpose with students living in different provinces of our country
- Meet new people To love our country, our country, our flag, the founder of our country, Mustafa Kemal Atatürk through songs
- To improve the song repertoire of students
- To create awareness of duty and responsibility Singing songs with a giant choir at the end of the Project

WORKING PROCESS:

Weekly working hours will be determined, teachers and students from schools in different provinces will be included in our choir Our project will start with the presence of partners in December Our project will continue until the end of June. Determining the methods of working using communication technologies the songs we have determined with the partner schools Teachers are taught the rules to be careful when running the choir Each teacher teaches the songs to his choir consisting of the number he determines. All teachers and students participate in online studies twice a month. If the pandemic is over at the end of the project, a concert is held at the Turkish Choirs festival held in Ankara on April 23, May 19 or Ankara. (concerts will be held on one of these dates if appropriate conditions occur.)
